No common ground to start from

          C          D G  
And we're falling apart

          G          C          D          G  
You'll say, the world has come between us

          C          D          G  
Our lives have come between us

          C          D          G          C          D  
Still I know you just don't care

          G                  D          C  
And I said, Well that's, the one thing we've got

          G          C          D          G  
I see you, the only one who knew me

          C          D          G  
And now your eyes see through me

          C          D          G          C          D  
I guess I was wrong

          G          C          D          G  
So what now It's plain to see we're over

          C          D          G  
And I hate when things are over

          C          D          G          C          D  
When so much is left undone
